Budget Committee

**POLICE DEPARTMENT****Ossipee, N. H.**

January 18, 1965

Members of the Budget Committee,  
Town of Ossipee:

Ladies and Gentlemen:

I would like to submit a budget to the town, for the year 1965, of the same figure as 1964, \$1300.

Your Committee, in 1964, approved my original request of \$1000. and, in fact, increased this request to \$1300.; this figure to include uniforms for all officers, and increased traffic duty at our local churches.

The Ossipee Police Department is now fully uniformed, with the exception of one new member, who will be so uniformed, if he proves out, and stays with us.

I want to try and hold the line with last years figure, which, actually would give us \$300. more for Police Work during the coming year, since last years figure included items other than actual duty.

This Department answered 101 calls during 1964, and put in some 267 hours of traffic duty; such as church, public events, accidents and patrol of area during troublesome holiday periods. (I might add here that Patrol work is the strongest deterrant to criminal activities in any community, and much more should be done!)

During 1965, I would like to have metal tags placed on each Department members car, designating it

as "Ossipee Police Dept." since we are often criticized by the public for having unmarked cars, and, too, so that people will know who their Police Officers are.

If the work load increases during 1965, we will have some difficulty holding the line, but certainly, I will do my best to hold.

I do wish that the Committee would take note of the proposed, and much-needed, County Radio set-up. This would take in all Law Enforcement agencies, Fire Departments, Doctors, ambulances etc., and tie them to one central office 24 hours a day. It is a very essential, and almost foolproof system for all emergencies. The cost to get started is going to be very nominal, but the item necessary to its success is Co-operation of all towns.

Thank you  
PHILLIP A. BLAKE  
Chief of Police

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allow-

ed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.
